

The PEAS Meetup Group Presents

How Was School Today? When "fine" and "okay" are not enough!

Facilitator: Jeanine Pinner, Texas Parent to Parent

Thursday, May 9, 2013 from 6:30 PM – 8:30 PM
The Arc of Northeast Tarrant County (Arc House)
1806 Haltom Road, Haltom City, Texas 76117

Both as parents and as educators, one of our most important challenges is to create strong, positive, and consistent communication between home and school. A tremendous amount of research and old-fashioned common sense tells us clearly that the success of our children in school is built upon this foundation – and this foundation is easily cracked!

Whether you are currently facing communication challenges or just want to add new tools to your communication tool box, this session is one you don't want to miss! Join us as Jeanine shares a variety of effective strategies – for parents and educators – to keep the lines of communication open and be prepared to share those that have worked for you!

Space is limited. Registration is requested.
